

ARUBA K12 CLOUD BUNDLE

Schools in Canada can get a 5 year license for an incredible price!

Boost student success and simplify school IT network control from the cloud.

Aruba Central is a complete, cloud-controller solution with smart analytics. With Aruba Central, IT managers get:

- Simple, secure and cost-effective cloud-based enterprise tool for controlling, managing and monitoring Aruba access points, and switches.
- Embedded capabilities such as customizable guest Wi-Fi access and presence analytics for smarter decision-making.
- An intuitive dashboard with the ability to tap into smart network, application and presence analytics to improve teacher, student, administrator and operational experiences.
