MOBILITY MASTER PROMOTION

Next-generation functionality for greater value

SAVE UP TO 63% OFF MOBILITY MASTER

Aruba Mobility Master enables ArubaOS 8 to deliver live upgrades, active-active redundancy with controller clustering, and more enterprise-class mobility features for always-on network services.

IT professionals managing large networks can quickly deploy new campuses and branches using hierarchical configurations and a choice of virtual or hardware appliance options.

UPGRADE NOW

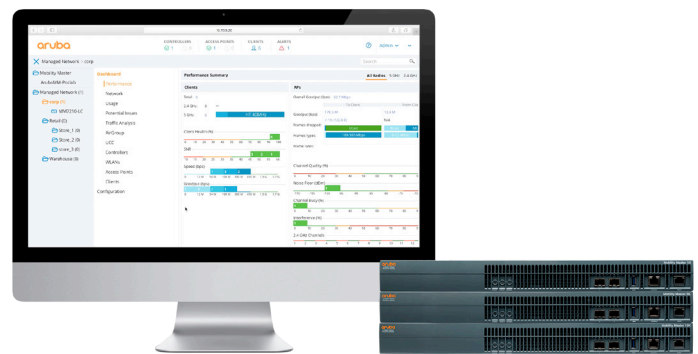

Unlock the full capabilities of ArubaOS 8:

- No downtime during network operating system update with Live Upgrade
- Create multiple separate secure networks using the same access point with MultiZone
- Hitless failover in a controller failure event with Controller Clustering
- Self optimizing RF management for today's dense environment
- Existing customers can transfer current AOS 6.x licenses to Mobility Master with AOS 8 at no cost

PROMOTION PERIOD

Start Date: August 1, 2017

End Date: July 31, 2018

For a limited time only, customers get up to 63% off list price of Mobility Master with select bundles. Orders must be placed on or before July 31, 2018 to qualify.

Each Mobility Master bundle includes a Hardware or Virtual Appliance product and 3 years of support.
