

ASSURE THE PERFORMANCE YOUR STUDENTS AND FACULTY EXPECT FROM YOUR NETWORK

Education customers can receive up to 70% off when they purchase 25 or more Aruba User Experience Insight sensors.

USER-CENTRIC ANALYTICS AND NETWORK ASSURANCE FOR THE CLASSROOM AND CAMPUS

K-12 and higher education institutions face numerous challenges to support students, faculty, staff, and sometimes fans. The need to access EdTech content and apps, as well as facilitate a digital school, entire district, or college campus can feel daunting. IT must deliver reliable connectivity to keep everything running.

Aruba User Experience Insight intelligently and efficiently assists your network operators to assure the quality of all end-user's experiences. Real-time performance status, actionable insights plus automated troubleshooting results empower proactive problem remediation and efficient operation of your network so you can maintain required service levels and minimize complaints to your help desk.

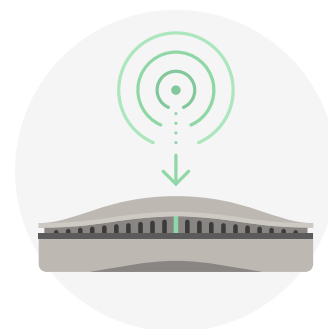

Key Features & Benefits – Simplicity of deployment, administration, and use of its dashboard:

- Automated assessment of WLAN, LAN and WAN performance to internal and external apps.
- The vendor-agnostic solution assesses any network, including if the equipment is from different vendors.
- Cloud-based software includes an intuitive dashboard designed for use with little or no training.
- Scales to any number of sensors on main and satellite campuses.
- Non-Disruptive low-burden installation does not require special skills or core network down time!

CUSTOMER OFFER

- Education customers can purchase a minimum of 25 sensors, with sensor subscription service, on a single purchase order and get up to 70% off suggested list price.
- Limit 500 units per school.
- Offer is valid September 15, 2019 – December 31, 2019
- K12 and Higher Education end user customers in the US and Canada are eligible.
- Contact your authorized Aruba reseller for pricing and availability.

Simple to deploy on any vendor's
wired and wireless networks!
