

HPE Aruba Networking education credits for certification training (H1EJ9E)

LAC region 3 pricing update, effective November 2023

HOW TO PURCHASE TRAINING

There are two ways to purchase training: by credit card on the Aruba training site or by purchase order through an authorized distributor. For purchase orders, instead of buying individual classes, you buy training credits with part number H1EJ9E. Aruba training credits provide flexibility to take the training you need when you need it.

Customers seeking eligible training can browse the Aruba training site by [course name](#) or by location.

HOW TO CHECK YOUR BALANCE

If your company purchased a large block of credits and you wish to check your balance, please email arubatraining@hpe.com with your HPE Order Number.

HOW TO USE TRAINING CREDITS

For schedules and registration, including classes offered by our [Authorized Training Centers \(ATC\)](#), visit the [Aruba training site](#). You may download our [Training Registration Guide at this link](#).

When DO THE CREDITS EXPIRE?

Aruba Training Credits are valid for a period of 12 months from the date of purchase. All Aruba Training Credits must be redeemed, and training must be completed, prior to the end of the 12-month period following the date of purchase.

PARTNER TRAINING

Aruba offers a 30% discount on internal training for Partner Ready for Networking members.

CANCELLATION POLICY

Cancellations received at least 14 calendar days prior to start of class will receive a full refund or be able to transfer the fee to another class. You may cancel your registration for a class up to 7 calendar days in advance of the class and apply credit to a future class (Exception: if paying via credit card you must attend within 60 days of initial class requested, otherwise you will need to request a refund).

No credit or refund will be given for any no-show or class registration canceled less than 7 calendar days prior to a class date. If a registered participant is unable to attend the course, a substitute is welcome to take their place.

PRICE LIST

Each course requires a different amount of training credits. Check out the lists below of our popular Aruba networking courses. To learn more, visit the [Aruba training website](#) or email us at arubatraining@hpe.com.
