End User License Agreement

PLEASE READ CAREFULLY BEFORE USING THIS EQUIPMENT: This End-User License Agreement ("EULA") is a legal agreement between (a) you (either an individual or a single entity) and (b) Hewlett Packard Enterprise Company or in-country legal entity ("HPE") that governs your use of any Software Product, which is either i) installed on or made available by HPE for use with your Hewlett Packard Enterprise Networking product ("HPE Networking Product") or ii) made available as part of the Hewlett Packard Enterprise Networking product portfolio for use on a standalone basis ("HPE Networking Software Product"), that is not otherwise subject to a separate license agreement between you and HPE or its suppliers. Other software may contain a EULA in its online documentation. The term "Software Product" means computer software and may include associated media, printed materials and "online" or electronic documentation. An amendment or addendum to this EULA may accompany the HPE Networking Product or HPE Networking Software Product.

RIGHTS IN THE SOFTWARE PRODUCT ARE OFFERED ONLY ON THE CONDITION THAT YOU AGREE TO ALL TERMS AND CONDITIONS OF THIS EULA. BY INSTALLING, COPYING, DOWNLOADING OR OTHERWISE USING THE SOFTWARE PRODUCT, YOU AGREE TO BE BOUND BY THE TERMS OF THIS EULA. IF YOU DO NOT ACCEPT THESE LICENSE TERMS, YOUR SOLE REMEDY IS TO RETURN THE ENTIRE UNUSED PRODUCT (HARDWARE AND SOFTWARE) WITHIN 14 DAYS FOR A REFUND, SUBJECT TO THE REFUND POLICY OF YOUR PLACE OF PURCHASE.

- 1. Applicability.** This end user license agreement (the "Agreement") governs the use of accompanying software, unless it is subject to a separate agreement between you and Hewlett Packard Enterprise Company and its subsidiaries ("HPE"). By downloading, copying, or using the software you agree to this Agreement. HPE provides translations of this Agreement in certain languages other than English, which may be found at: <http://www.hpe.com/software/SWLCicensing>.
- 2. Terms.** This Agreement includes supporting material accompanying the software or referenced by HPE, which may be software license information, additional license authorizations, software specifications, published warranties, supplier terms, open source software licenses and similar content ("Supporting Material"). Additional license authorizations are at: <http://www.hpe.com/software/SWLCicensing>.
- 3. Authorization.** If you agree to this Agreement on behalf of another person or entity, you warrant you have authority to do so.
- 4. Consumer Rights.** If you obtained software as a consumer, nothing in this Agreement affects your statutory rights.
- 5. Electronic Delivery.** HPE may elect to deliver software and related software product or license information by electronic transmission or download.
- 6. License Grant.** If you abide by this Agreement, HPE grants you a non-exclusive non-transferable license to use one copy of the version or release of the accompanying software for your internal purposes only, and is subject to any specific software licensing information that is in the software product or its Supporting Material.
Your use is subject to the following restrictions, unless specifically allowed in Supporting Material:
 - You may not use software to provide services to third parties.
 - You may not make copies and distribute, resell or sublicense software to third parties.
 - You may not download and use patches, enhancements, bug fixes, or similar updates unless you have a license to the underlying software. However, such license doesn't automatically give you a right to receive such updates and HPE reserves the right to make such updates only available to customers with support contracts.
 - You may not copy software or make it available on a public or external distributed network.
 - You may not allow access on an intranet unless it is restricted to authorized users.
 - You may make one copy of the software for archival purposes or when it is an essential step in authorized use.
 - You may not modify, reverse engineer, disassemble, decrypt, decompile or make derivative works of software. If you have a mandatory right to do so under statute, you must inform HPE in writing about such modifications.
- 7. Remote Monitoring.** Some software may require keys or other technical protection measures and HPE may monitor your compliance with the Agreement, remotely or otherwise. If HPE makes a license management program for recording and reporting license usage information, you will use such program no later than 180 days from the date it's made available.
- 8. Ownership.** No transfer of ownership of any intellectual property will occur under this Agreement.
- 9. Copyright Notices.** You must reproduce copyright notices on software and documentation for authorized copies.
- 10. Operating Systems.** Operating system software may only be used on approved hardware and configurations.
- 11. 90-day Limited Warranty for HPE Software.**

- HPE-branded software materially conforms to its specifications, if any, and is free of malware at the time of delivery; if you notify HPE within 90 days of delivery of non-conformance to this warranty, HPE will replace your copy. This Agreement states all remedies for warranty claims.
- HPE does not warrant that the operation of software will be uninterrupted or error free, or that software will operate in hardware and software combinations other than as authorized by HPE in Supporting Material. To the extent permitted by law, HPE disclaims all other warranties.

12. Intellectual Property Rights Infringement. HPE will defend and/or settle any claims against you that allege that HPE-branded software as supplied under this Agreement infringes the intellectual property rights of a third party. HPE will rely on your prompt notification of the claim and cooperation with our defense. HPE may modify the software so as to be non-infringing and materially equivalent, or we may procure a license. If these options are not available, we will refund to you the amount paid for the affected product in the first year or the depreciated value thereafter. HPE is not responsible for claims resulting from any unauthorized use of the software.

13. Limitation of Liability. HPE's liability to you under this Agreement is limited to the amount actually paid by you to HPE for the relevant software, except for amounts in Section 12 ("Intellectual Property Rights Infringement"). Neither you nor HPE will be liable for lost revenues or profits, downtime costs, loss or damage to data or indirect, special or consequential costs or damages. This provision does not limit either party's liability for: unauthorized use of intellectual property, death or bodily injury caused by their negligence; acts of fraud; willful repudiation of the Agreement; or any liability that may not be excluded or limited by applicable law.

14. Termination. This Agreement is effective until terminated or in the case of a limited-term license, upon expiration; however, your rights under this Agreement terminate if you fail to comply with it. Immediately upon termination or expiration, you will destroy the software and documentation and any copies, or return them to HPE. You may keep one copy of software and documentation for archival purposes. We may ask you to certify in writing you have complied with this section. Warranty disclaimers, the limitation of liability, this section on termination, and Section 15 ("General") will survive termination.

15. General.

- Assignment.** You may not assign this Agreement without prior written consent of HPE, payment of transfer fees and compliance with HPE's software license transfer policies. Authorized assignments will terminate your license to the software and you must deliver software and documentation and copies thereof to the assignee. The assignee will agree in writing to this Agreement. You may only transfer firmware if you transfer associated hardware.
- U.S. Government.** If the software is licensed to you for use in the performance of a U.S. Government prime contract or subcontract, you agree that, consistent with FAR 12.211 and 12.212, commercial computer software, computer software documentation and technical data for commercial items are licensed under HPE's standard commercial license.
- Global Trade Compliance.** You agree to comply with the trade-related laws and regulations of the U.S. and other national governments. If you export, import or otherwise transfer products provided under this Agreement, you will be responsible for obtaining any required export or import authorizations. You confirm that you are not located in a country that is subject to trade control sanctions (currently Cuba, Iran, N. Korea, N. Sudan, and Syria) and further agree that you will not retransfer the products to any such country. HPE may suspend its performance under this Agreement to the extent required by laws applicable to either party.
- Audit.** HPE may audit you for compliance with the software license terms. Upon reasonable notice, HPE may conduct an audit during normal business hours (with the auditor's costs being at HPE's expense). If an audit reveals underpayments then you will pay to HPE such underpayments. If underpayments discovered exceed five (5) percent, you will reimburse HPE for the auditor costs.
- Open Source Components.** To the extent the Supporting Material includes open source licenses, such licenses shall control over this Agreement with respect to the particular open source component. To the extent Supporting Material includes the GNU General Public License or the GNU Lesser General Public License: (a) the software includes a copy of the source code; or (b) if you downloaded the software from a website, a copy of the source code is available on the same website; or (c) if you send HPE written notice, HPE will send you a copy of the source code for a reasonable fee.
- Notices.** Written notices under this Agreement may be provided to HPE via the method provided in the Supporting Material or if none, via "contact HPE" site on www.hpe.com.
- Governing Law.** This Agreement will be governed by the laws of the state of California, U.S.A., excluding rules as to choice and conflict of law. You and HPE agree that the United Nations Convention on Contracts for the International Sale of Goods will not apply.
- Force Majeure.** Neither party will be liable for performance delays nor for non-performance due to causes beyond its reasonable control, except for payment obligations.
- Entire Agreement.** This Agreement represents our entire understanding with respect to its subject matter and supersedes any previous communication or agreements that may exist. Modifications to the Agreement will be made only through a written amendment signed by both parties. If HPE doesn't exercise its rights under this Agreement, such delay is not a waiver of its rights.

16. Australian Consumers. If you acquired the software as a consumer within the meaning of the 'Australian Consumer Law' under the Australian Competition and Consumer Act 2010 (Cth) then despite any other provision of this Agreement, the terms at this URL apply:

<http://www.hpe.com/software/SWLicensing>.

17. Russian Consumers. If you are based in the Russian Federation and the rights to use the software are provided to you under a separate license and/or sublicense agreement concluded between you and a duly authorized HPE partner, then this Agreement shall not be applicable.

Hardware Warranty Questions and Answers

How long is the warranty coverage for my product?

Please refer to the hardware limited warranty period table in the Hewlett Packard Enterprise Hardware Limited Warranty Statement later in this document. The warranty durations are also listed on the Web at www.hpe.com/networking/warranty.

Who is eligible to start a warranty claim?

The HPE warranty on a HPE Networking product is available only to the original bona fide end user who purchased that product through an authorized HPE distribution channel. A bona fide end user may designate an agent to start an HPE warranty claim on their behalf, and HPE may require written proof of that agency agreement before processing the warranty claim. If a bona fide end user transfers their HPE Networking product to any other party, any remaining HPE warranty coverage ceases upon that transfer, and no subsequent party or user is eligible to obtain warranty service on that product.

What should I do before I start a warranty claim?

You should:

- Look at the frequently asked questions and other technical information on the Web at www.hpe.com/networking/support to see if any apply to the symptoms you are seeing.
- Look in the latest release notes for your product to see if the symptoms you are seeing might be due to a known issue that has been resolved in a more recent version of software. If so, update your software to see if it resolves the symptoms. You can find the latest release notes and current software on the Web at www.hpe.com/networking/support.
- Refer to your product documentation for troubleshooting procedures, and perform appropriate steps. You can find the latest documentation on the Web at www.hpe.com/networking/support.

If you are still unable to resolve the issue, please review this warranty booklet prior to contacting HPE, and have the following information ready:

- Product serial number, product name, and product number
- Date of purchase of the product and any upgraded or extended warranty coverage (note that you may be required to provide proof of purchase or lease)
- Detailed description of the symptoms, including when the symptoms first occurred and how frequently they are occurring
- Detailed description of any changes made to your product's configuration or network environment prior to the start of the symptoms occurring □
Detailed description of the troubleshooting steps you have performed and the results of those steps
- Software revision currently on the product

Any product that has had its serial number removed or is not a genuine HPE Networking product is not eligible for warranty coverage.

How do I start a warranty claim?

If you purchased upgraded or extended warranty coverage from HPE, such as through an HPE Care Pack or other type of HPE service contract, you should call the phone number that was provided to you when you or your reseller registered the HPE Care Pack or purchased the HPE service contract. If you did not purchase upgraded warranty coverage from HPE, you should contact HPE or contact your HPE reseller if they are HPE authorized for warranty fulfillment on HPE Networking products. You may contact HPE to start a warranty claim during HPE's business hours (to locate the phone number and specific hours for your location, please go to the Web at www.hpe.com/networking/support and click on "Contact Us").

If possible, you should contact HPE from a location where it is easy for you to access the product. HPE requests that you contact HPE as warranty failures occur and not wait until you have several defective units. It will be more difficult for you to provide the information that HPE needs to confirm and process your warranty claim if you delay requesting a warranty claim. Also, parts availability may affect HPE's ability to send you all the replacement units in a timely manner if you request several units at one time.

What happens when I call HPE for a warranty claim?

(If you purchased upgraded or extended warranty coverage from HPE, please refer to the information provided to you when you purchased that coverage.)

You will be asked for some information about your product, including its product number, its serial number, and when you purchased it, so HPE can confirm your product is still within the warranty period and identify what level of coverage you are entitled to. In some situations, you may be asked to provide proof of purchase or lease. HPE will ask you to describe the symptoms that your product is showing and what troubleshooting steps you have already taken to determine this product is failing. You might also be asked to provide some information about the product's configuration and software revision, as well as your network topology and environment.

HPE will then decide if some additional troubleshooting steps are necessary to confirm that the product is having a hardware failure or to isolate the failure between, say, a module in a switch and the switch chassis. HPE will ask you to perform these steps and can answer questions you might have about how to perform the steps. In some cases, HPE may ask you to update to a more current version of software on your product as part of the troubleshooting.

In order to help minimize the impact of the possible failure, it is important that you assist HPE with the troubleshooting. For example, if a symptom is actually due to a configuration issue and not a hardware failure, sending you a replacement part will not resolve the issue and could result in additional network downtime for you.

Once HPE has confirmed that your product is having a failure covered under warranty and knows what replaceable part you need, HPE will send the part to you.

Where can I find additional questions and answers about the hardware warranty?

Please refer to the questions and answers on the Web at www.hpe.com/networking/warranty.

THE LIMITED WARRANTY TERMS CONTAINED IN THIS STATEMENT, EXCEPT TO THE EXTENT LAWFULLY PERMITTED, DO NOT EXCLUDE, RESTRICT, OR MODIFY BUT ARE IN ADDITION TO THE MANDATORY STATUTORY RIGHTS APPLICABLE TO THE SALE OF THIS PRODUCT TO YOU.

This Limited Warranty is applicable in all countries and may be enforced in any country or region where HPE or its authorized service providers offer warranty service for the same product model number subject to the terms and conditions set forth in this Limited Warranty.

Under the HPE Global Limited Warranty program, products purchased in one country/region may be transferred to another country/region, where HPE or its authorized service providers offer warranty service for the same product model number, without voiding the warranty. Warranty terms, service availability, and service response times may vary from country/region to country/region. Standard warranty service response time is subject to change due to local parts availability. HPE or your local HPE authorized service provider can provide you with details.

HPE is not responsible for any tariffs or duties that may be incurred in transferring the products. Transfer of the products may be covered by export controls issued by the United States or other governments.

This Limited Warranty applies only to the original bona fide end user that purchased genuine HPE branded hardware products (referred to in this Limited Warranty as "HPE Networking Hardware Products") sold by or leased from Hewlett Packard Enterprise Company, its worldwide subsidiaries, affiliates, authorized resellers, or country distributors (collectively referred to in this Limited Warranty as "HPE") with this Limited Warranty. The term "HPE Networking Hardware Product" is limited to the hardware components. The term "HPE Networking Hardware Product" DOES NOT include any software applications or programs, non-HPE products, or non-HPE branded accessories.

HPE warrants that the HPE Networking Hardware Products that you have purchased or leased from HPE are free from defects in materials or workmanship under normal use during the Limited Warranty Period. The Limited Warranty Period starts on the date of purchase or lease from HPE, or from the date HPE completes installation. Your dated sales or delivery receipt, showing the date of purchase or lease of the product, is your proof of the purchase or lease date. You may be required to provide proof of purchase or lease as a condition of receiving warranty service. You are entitled to hardware warranty service according to the terms and conditions of this document if a repair to your HPE Networking Hardware Product is required within the Limited Warranty Period.

Unless otherwise stated, and to the extent permitted by local law, new HPE Networking Hardware Products may be manufactured using new materials or new and used materials equivalent to new in performance and reliability. HPE may repair or replace HPE Networking Hardware Products (a) with new or previously used products or parts equivalent to new in performance and reliability, or (b) with products which are, in HPE's sole opinion, equivalent to an original product that has been discontinued. Replacement parts are warranted to be free from defects in material or workmanship for ninety (90) days or for the remainder of the Limited Warranty Period of the HPE Networking Hardware Product they are replacing or in which they are installed, whichever is longer.

During the Limited Warranty Period, HPE will, at its discretion, repair or replace any defective component. All component parts or hardware products removed under this Limited Warranty become the property of HPE. In the unlikely event that your HPE Networking Hardware Product has recurring failures, HPE, at its sole discretion, may elect to provide you with (a) a replacement unit of HPE's choosing that is the same or equivalent to your HPE Networking Hardware Product in performance or (b) to give you a refund of your purchase price or lease payments (less interest) instead of a replacement. This is your exclusive remedy for defective products.

Exclusions

TRANSFER OF HEWLETT PACKARD ENTERPRISE NETWORKING HARDWARE PRODUCTS TO ANY THIRD PARTY OTHER THAN THE ORIGINAL BONA FIDE END USER VOIDS THE HEWLETT PACKARD ENTERPRISE NETWORKING PRODUCT WARRANTY TO THE FULLEST EXTENT ALLOWED BY LAW. HPE DOES NOT WARRANT THAT THE OPERATION OF THIS PRODUCT WILL BE UNINTERRUPTED OR ERRORFREE. HPE IS NOT RESPONSIBLE FOR DAMAGE THAT OCCURS AS A RESULT OF YOUR FAILURE TO FOLLOW THE INSTRUCTIONS INTENDED FOR THE HEWLETT PACKARD ENTERPRISE NETWORKING HARDWARE PRODUCT.

This Limited Warranty does not apply to expendable or consumable parts and does not extend to any product from which the serial number has been removed or that has been damaged or rendered defective (a) as a result of accident, misuse, abuse, contamination, improper or inadequate maintenance or calibration or other external causes; (b) by operation outside the usage parameters stated in the user documentation that shipped with the product; (c) by software, interfacing, parts or supplies not supplied by HPE; (d) improper site preparation or maintenance; (e) virus infection; (f) loss or damage in transit; or (g) by modification or service by anyone other than (i) HPE, (ii) an HPE authorized service provider, or (iii) your own installation of HPE-approved parts if available for your product in the servicing country or region.

HPE IS NOT RESPONSIBLE FOR DAMAGE TO OR LOSS OF ANY PROGRAMS, DATA, OR REMOVABLE STORAGE MEDIA. HPE IS NOT RESPONSIBLE FOR THE RESTORATION OR REINSTALLATION OF ANY PROGRAMS OR DATA OTHER THAN SOFTWARE INSTALLED BY HPE WHEN THE PRODUCT IS MANUFACTURED.

HPE is not responsible for any interoperability or compatibility issues that may arise when (1) products, software, or options not supported by HPE are used; (2) configurations not supported by HPE are used; (3) parts intended for one system are installed in another system of different make or model.

Exclusive remedy

TO THE EXTENT ALLOWED BY APPLICABLE LOCAL LAW, THESE TERMS AND CONDITIONS CONSTITUTE THE COMPLETE AND EXCLUSIVE WARRANTY AGREEMENT BETWEEN YOU AND HPE REGARDING THE HEWLETT PACKARD ENTERPRISE NETWORKING HARDWARE PRODUCT YOU HAVE PURCHASED OR LEASED. THESE TERMS AND CONDITIONS SUPERSEDE ANY PRIOR AGREEMENTS OR REPRESENTATIONS—INCLUDING REPRESENTATIONS MADE IN HPE SALES LITERATURE OR ADVICE GIVEN TO YOU BY HPE OR AN AGENT OR EMPLOYEE OF HPE—THAT MAY HAVE BEEN MADE IN CONNECTION WITH YOUR PURCHASE OR LEASE OF THE HEWLETT PACKARD ENTERPRISE NETWORKING HARDWARE PRODUCT. No change to the conditions of this Limited Warranty is valid unless it is made in writing and signed by an authorized representative of HPE.

Limitation of liability

IF YOUR HEWLETT PACKARD ENTERPRISE NETWORKING HARDWARE PRODUCT FAILS TO WORK AS WARRANTED ABOVE, HPE'S MAXIMUM LIABILITY UNDER THIS LIMITED WARRANTY IS EXPRESSLY LIMITED TO THE LESSER OF THE PRICE YOU HAVE PAID FOR THE PRODUCT OR THE COST OF REPAIR OR REPLACEMENT OF ANY HARDWARE COMPONENTS THAT MALFUNCTION IN CONDITIONS OF NORMAL USE.

EXCEPT AS INDICATED ABOVE, IN NO EVENT WILL HPE BE LIABLE FOR ANY DAMAGES CAUSED BY THE PRODUCT OR THE FAILURE OF THE PRODUCT TO PERFORM, INCLUDING ANY LOST PROFITS OR SAVINGS, BUSINESS INTERRUPTION, LOSS OF DATA, LOST REVENUE, LOSS OF USE, OR ANY OTHER COMMERCIAL OR ECONOMIC LOSS OF ANY KIND, COST OF COVER, OR SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES. HPE IS NOT LIABLE FOR ANY CLAIM MADE BY A THIRD PARTY OR MADE BY YOU FOR A THIRD PARTY.

THIS LIMITATION OF LIABILITY APPLIES WHETHER DAMAGES ARE SOUGHT, OR A CLAIM MADE, UNDER THIS LIMITED WARRANTY OR AS A TORT CLAIM (INCLUDING NEGLIGENCE AND STRICT PRODUCT LIABILITY), A CONTRACT CLAIM, OR ANY OTHER CLAIM. THIS LIMITATION OF LIABILITY CANNOT BE WAIVED OR AMENDED BY ANY PERSON OTHER THAN HPE. THIS LIMITATION OF LIABILITY WILL BE EFFECTIVE EVEN IF YOU HAVE ADVISED HPE OR AN AUTHORIZED REPRESENTATIVE OF HPE OF THE POSSIBILITY OF ANY SUCH DAMAGES OR EVEN IF SUCH POSSIBILITY WERE REASONABLY FORESEEABLE. THIS LIMITATION OF LIABILITY, HOWEVER, WILL NOT APPLY TO CLAIMS FOR PERSONAL INJURY OR, IN JURISDICTIONS WHERE THE FOLLOWING TYPES OF DAMAGES CANNOT BE EXCLUDED, IN THE EVENT THE DAMAGES ARISE OUT OF WILLFUL MISCONDUCT OR GROSS NEGLIGENCE OF SUCH A KIND THAT IT SHOULD BE TREATED AS WILLFUL MISCONDUCT.

THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS. YOU MAY ALSO HAVE OTHER RIGHTS THAT MAY VARY FROM STATE TO STATE OR FROM COUNTRY TO COUNTRY. YOU ARE ADVISED TO CONSULT APPLICABLE STATE OR COUNTRY LAWS FOR A FULL DETERMINATION OF YOUR RIGHTS.

- Make periodic backup copies of your configuration data, files, data, or programs stored on your hard drive or other storage media or devices as a precaution against possible failures, alteration, or loss. Before returning any HPE Networking Hardware Product for warranty support, back up your configuration data, files, data, and programs, and remove any confidential, proprietary, or personal information.

Types of hardware warranty service

Listed below are the types of warranty services that may be applicable to the HPE Networking Hardware Product you have purchased. For more details, refer to the "Limited warranty period" section.

Advance unit replacement warranty service

Your HPE Limited Warranty may include an advance unit replacement warranty service. Under the terms of the advance unit replacement warranty service, HPE will ship a replacement unit directly to you if the HPE Networking Hardware Product you purchased is diagnosed as defective. On receiving the replacement unit, you will be required to return the defective unit back to HPE, in the packaging that arrives with the replacement unit, within a defined period of time, normally five (5) days. HPE will incur all shipping and insurance costs to return the defective unit to HPE. Failure to return the defective unit may result in HPE billing you for the replacement unit.

In countries or regions where this Limited Warranty may be enforced but where advance unit replacement warranty service is not available, HPE will, in its sole discretion, substitute another type of warranty service.

Service upgrades

HPE has a range of additional service coverage for your product that can be purchased locally. However, some services and related products may not be available in all countries.
