

ARUBA WARRANTY AND SUPPORT SUMMARY

[For all previous warranty information](#)

The Aruba TAC delivery of service under warranty provides troubleshooting assistance for product conformance only. To receive service from Aruba TAC for priority assistance, 24x7x365, troubleshooting and guidance with set up, configuration, interoperability or any additional advance technical troubleshooting, your product must have an active Foundation Care for Aruba support contract. For complete details on TAC service delivery between warranty and a support contract, please visit: https://www.arubanetworks.com/assets/support/warranty_vs_support_brochure.pdf. To get a quote for Foundation Care for Aruba please contact your local partner or your Aruba account manager. For details on Foundation Care for Aruba, visit: <https://www.arubanetworks.com/support-services/overview/>.

NOTE: Warranty phone and electronic case technical support is provided during local HPE business hours for the entire warranty period for the purposes of initiating the RMA process.

*This document has been updated as of February 2021.

1. Removable power supplies, modules and accessories such as antennas, fans, power cords, etc. may have different warranty coverage than the host device. See the HPE Networking Warranty Coverage Quick Reference at www.hpe.com/networking/warrantyquickref for more details.
2. Response time is based on commercially reasonable effort and subject to a daily shipment cutoff time. In some countries and regions and under certain supplier constraints, response time may vary. Contact your local HPE service organization for response time availability in your area. NBD Ship = Next Business Day shipment.
3. Warranty phone and/or electronic case technical support is provided during local HPE business hours for the purposes of initiating warranty hardware replacement (break fix; diagnosing hardware) or software defects only for the duration of the warranty period. Software configuration assistance requires a services contract. See the Quick Reference document for SKU level warranty coverage. Extended coverage services are available.
4. Includes all generally available software/OS releases offered for the specific products listed, when and if available, for as long as the customer owns the product, except where noted. Some software releases may require additional or new hardware. Customers who desire specific feature updates, patches and fixes to be prioritized into future releases should purchase the appropriate support services from HPE. Products marked with "N/A" require an active support contract to download any software updates or upgrades.
5. For products purchased after December 1, 2014, the warranty extends only for as long as the original end user owns the product. Includes coverage of any built-in fans and power supplies for the entire warranty period. You may be required to provide proof of purchase or lease as a condition of receiving warranty service.
6. Includes all software updates offered for the licensed version, when and if available. Software upgrades will require purchase of appropriate SKU, packaged support services or contract.
7. For products purchased after December 1, 2015, the warranty extends only for as long as the original end user owns the product and is limited to five (5) years from the end of sale date.
8. For the first 30 days from shipment, HPE will provide same day ship advanced replacement for the covered hardware products. After thirty (30) days from shipment through the remaining warranty period, HPE will ship a replacement product for any non-compliant product within 10 days.
9. All generally available software releases can be downloaded during the first 90 days after purchase. After such 90 days, (i) only factory software releases will be accessible on the software portal; and (ii) all other software releases will require purchase of appropriate packaged support services or contract. The factory releases will also be available for Remote Access Points (RAPs) running Instant OS.
10. These products are covered by 90 days of 24x7 phone support. Thereafter, only chat support would be available for the remaining warranty period. Limited lifetime warranty (where applicable) extends only for as long as the original end user owns the product and is limited to five (5) years from the end of sale date. This warranty includes coverage of any built-in fans and power supplies for the entire warranty period. You may be required to provide proof of purchase or lease as a condition of receiving warranty service. See www.hpe.com/OfficeConnect/support/ for more information on the new OfficeConnect support process. For Aruba Instant On warranty information, see <https://www.arubainstanton.com/resources/>
11. For products purchased after November 1st, 2019, the warranty extends only for as long as the original end user owns the product, up through five (5) years after the end of sale date. Includes coverage of any built-in fans and power supplies for the entire warranty period. You may be required to provide proof of purchase or lease as a condition of receiving warranty service. Select products may require registration of your product (serial number and contact information).
12. Includes all generally available software/OS releases offered for the specific products listed, when and if available, for as long as the customer owns the product, except where noted. Some software releases may require additional or new hardware. Customers who desire

specific feature updates, patches and fixes to be prioritized into future releases should purchase the appropriate support services from HPE. Includes support of software updates for one (1) year after end of sale date and vulnerability fixes for three (3) years after end of sale.
